Latest Analyst Updates	
<u>04/09/2019</u>	Detek is currently tracking any potential follow-on activity for this requirement via Opportunity Report 178606. Please see Opportunity Report 178606 for all future developments regarding this requirement.
<u>03/15/2016</u>	

The Contracting Office issued a Fair Opportunity / Limited Sources Justification on March 15, 2016. According to this notice, the 90th IOS was directed to accelerate development of several training applications from a 3-year delivery point to a 2-year delivery point and to expand the use and availability of the Cyber Simulation Center. This need was not known prior to award of the task order. This contract action is valued at approximately \$6,595,743.

12/30/2015

Task Order # GSQ0716BG0009 was awarded to CACI Federal Inc. on December 16, 2015 under its ALLIANT contract, GS00Q09BGD0020. The total award value was \$25,144,999.13.

12/29/2015

Deltek has reached out to the government to confirm the current status of the award. Additional information will be provided as it becomes available.

11/02/2015 According to previously provided milestones, Proposals were due on November 2, 2015. This effort is now in Source Selection. Deltek has contacted the Contracting Office for an award time frame.

10/23/2015 Deltek has learned that an Amendment was released for this effort. The purpose of the amendment is to extend the Quotes due date. Quotes are now due NLT 1:00 PM on November 2, 2015. As previously noted, Work was anticipated to begin on November 1, 2015. Deltek believes that this date is no longer valid.

Due to Deltek's limited visibility into GSA task order efforts, vendors are encouraged to monitor the requisite GSA purchasing portal for developments.

09/29/2015 Deltek learned a Solicitation was issued to GSA Alliant (Opp ID: 16820) vendors under Task Order #ID07150027 and #RFQ1042528 on September 22, 2015. Questions are due at 5:00 PM CT on September 29, 2015. Quotes are due at 2:00 PM CT on October 22, 2015. Work is anticipated to start on November 1, 2015.

Due to Deltek's limited visibility into GSA task order efforts, vendors are encouraged to monitor their eBay portal for developments. Contracting Officer Erin Quinn-Neuendorf and the Acquisition Project Manager Nancy Taylor are the associated GSA Contracting POCs.

08/12/2015 A follow-up request has been submitted to the Government to confirm the status of the Solicitation as well as to determine if both procurement milestones and acquisition strategy have been established.

05/22/2015 Responses to the RFI were collected in March 2015. Deltek has contacted the Contracting Office regarding the status of the Solicitation as well as to determine if the acquisition strategy and procurement timeline have been established.

03/09/2015 The Contracting Office issued a Draft Performance Work Statement on March 9, 2015. Responses remain due at 12:00 PM NOON CT on March 25, 2015.

02/27/2015 The Contracting Office released a Request for Information (RFI) on February 26, 2015. Responses are due no later than 12:00 PM CT on March 25, 2015. The primary Point of Contact is Kristen Hawley.

Description

Program Description

CACI is fulfilling the Department of the Air Force, Air Combat Command, 24th Air Force, 67th Cyberspace Wing, 90th Information Operations Squadron requirement for cyber simulation center support services.

BACKGROUND

The 90th IOS operates and maintains a cyber-development lab and simulation center covering all security domains to accomplish the analyses, development, employment and training by modeling and instrumenting network environments, mission software and systems at all classification levels and at realistic traffic volumes to model and simulate cyber incidents (i.e. loss of confidentiality, availability, integrity) for timely assessment (replay, metrics, and forensics) and visualization of cyber effects on DoD mission systems and critical infrastructure.

The contractor operates and maintains an accredited closed area software development lab to accomplish the analyses, development, and testing for employment and training of the supported cyber-development lab and simulation center, Combatant Commands, Joint Task Forces, and Service Consolidated Air Operations Centers and to familiarize the training base to evolving technology and new command and control and situational awareness changes in advance of airmen’s first assignments supporting operation centers.

REQUIREMENTS

Supports computer network operations; law enforcement; counterintelligence operations and activities; detection, containment, collection, analysis, and reverse engineering of malicious logic; command and control and situational awareness services; quality assurance; innovation integration; and training

NAICS Code(s)

541511
Custom Computer Programming Services
Size Standard: \$34 million annual receipts
